NEW BULK BILLING RADIOLOGY SERVICE @ Waverley Private Hospital **VMI WAVERLEY RADIOLOGY – NOW OPEN**

The proprietors of Clear Medical Imaging (part of the Victorian Medical Imaging Group) are pleased to announce the opening of a new radiology practice conveniently based within a purpose-built radiology department at Waverley Private Hospital, 343 Blackburn Road, Mount Waverley. This service will be operating under the banner of **Victorian Medical Imaging, Waverley Radiology- VMI Waverley Radiology**.

VMI Waverley Radiology will commence operation from **Monday 22nd February** and will offer an expanded range of quality imaging services as a **BULK BILLING PRACTICE** to meet the needs of local referrers and their patients.

Victorian Medical Imaging (VMI) is a progressive customer focused company looking to the future needs of its clients with openness and best regard for its patients, staff and clinical care. The expansion into Waverley Private Hospital allows VMI to offer greatly enhanced services. The practice features an extensive modern refurbishment and upgraded, state of the art technology and equipment.

VMI Waverley Radiology provides digital imaging for examinations and offers the following services:

- **Multi-slice Computed Tomography (including CT Angiography and Dentascan)**
- **General X-ray**
- **Ultrasound, including Doppler (with new Toshiba Precision software)**
- **OPG**
- **Mammography**
- **Bone Density**

With a commitment to excellence in image quality, VMI Radiology has introduced Toshiba's new Precision software for ultrasound, for images of unprecedented clarity and resolution. IT services at the practice have also been upgraded to facilitate faster processing and improved access for referring doctors. Professional and well credentialed staff offer the highest level of technical and clinical excellence for the best diagnostic outcome for each patient, and radiologists are available to discuss imaging requirements and interpretation of imaging results with clinicians.

Stage two of the redevelopment is proceeding, supported by Ramsay Healthcare, with **Nuclear Medicine** being added to the range of services offered at Waverley Private Hospital in 2010. VMI are also very pleased to welcome Dr Kenny Wong, a Nuclear Medicine physician and sonologist with particular interest in Nuclear Cardiac Imaging to the team at Waverley Radiology.

If you would like to visit our new department, require more information on our services, or wish to speak to one of our staff, please call VMI Waverley Radiology on **(03) 9886 8855**.
